

The Muscadine is an *Amazin*Grape!

Get Healthy. Stay Healthy. Backed by hundreds of research papers, from prestigious Universities and Government agencies, most written since 2003.

Muscadine Grape seed and skin contains more Vital Nutrients (Phenolic Compounds) and Powerful Antioxidants (researchers say hundreds) in one place, than any other fruit or vegetable in the world! *Amazin*Grape!
Doctors say, “Your body can tell the difference!”

The Muscadine Grape has 20 pairs of Chromosomes. All bunch grapes, table grapes, and wine grapes have only 19 pairs. The Muscadine has more than 44 times as much Resveratrol (anti-aging) as red wine (vinefera) grapes naturally, and the highest ORAC rating in testing by Brunswick Laboratories.

Public and Private funded research is now revealing many of the benefits of the amazing Muscadine Grape through Gold Standard Double Blind Studies.

Researchers say, “The Muscadine Grape has a bonafide physiological effect on the human body.”

Research papers at Clinicaltrials.gov confirm taking 2 capsules daily of Muscadine Grape seed **increased artery size significantly**, which may help with heart disease, blood pressure, blood sugar and cholesterol problems. Muscadine Grape seed reduces inflammation (cause of most all chronic pain) without the serious side effects of most anti-inflammatory drugs.

Private funded in-vitro studies at a Major University shows significant inhibition of growth of seven types of live human cancers (brain, breast, including triple negative, lung, colon, prostate, leukemia and skin cancer) in seven days!

More extensive *Private funded* research is currently ongoing.

One in four people in America are affected by Diabetes, and by 2020 it could be as much as one in two people. A noted researcher with the ‘Accord Study’ (\$300 million dollar national Diabetes study by the NIH) has used Muscadine Grape seed in clinical trials to help **reverse Diabetes in 80% of test participants.**

Finely ground and convenient, two 650 mg. capsules daily of Muscadine Seed and Skin may provide you with the *most economical way* to nourish your cells.

Wouldn’t it be great to build your immune system, help reduce cholesterol, help balance blood sugar levels, provide antioxidant protection against free radicals, slow down aging and fight against cancer...with only one product!

...the Lord told Adam in the first chapter of the Bible (Genesis 1:29)...

...**“I have given you every herb bearing seed,
...to you it shall be for meat (food)”**
